Flexible boarding

Eerde IBS offers the option to flex-board, where we give the option to stay in boarding only during weekdays and the students leave the campus on weekends. Booked in advance, the student will be guaranteed that the bed space will be for the sole use of the student.

In addition to the flex- boarding, Eerde IBS also offers the opportunity for occasional boarding, for those parents wishing to book a space on an ad-hoc basis. With occasional boarding, please note that the same bed is not guaranteed.

For flex- boarders it is also possible to extend their stay occasionally over the weekends.

**Please note that this is on request and based on availability.*

It should be noted that during Autumn-, Christmas-, Spring-, Easter- and Summer breaks, the boarding houses are closed and rooms will not be available for the boarding students.

Extra support lessons

Some of our students are in need of extra support lessons. This can be in the case of individual subjects or regular support throughout the week.

In addition to the extra hours in study hall for boarding students and support lessons that each teacher offers on a standard basis, it is possible to get extra support if needed.

Below you will find the fees for the different options.

Additional psychological testing (if needed) will come at an additional cost. This cost will depend on individual cases and will be discussed with parents beforehand.
